

Ohio Supersearch (OHSS)

Automated reach. Human verification. Court-level accuracy.

The Ohio Supersearch (OHSS) combines real-time court searches in Ohio's 10 most populous counties with expanded statewide database coverage across the remaining counties. Every potential record is verified directly at the source court before it is reported.

1

Real-Time Court Searches

Ohio's 10 most populous counties are searched directly through court systems, covering more than 52% of the population.

2

Expanded Statewide Database Coverage

Database searches extend coverage across courts throughout the remaining counties.

3

Source-Court Verification

Every potential record is confirmed at the source court for identifiers, accuracy, and reportability.

Database-Only "Statewide" Search

- ☐ Relies on compiled data that may be incomplete or out of date
- ☐ Potential hits can lack current dispositions or complete case detail
- ☐ Coverage across independent court systems may be difficult to assess
- ☐ Additional court follow-up may be needed before reporting

Ohio Supersearch (OHSS)

- ☒ Combines real-time court searches with expanded statewide database coverage
- ☒ Every potential record is verified directly at the source court
- ☒ Transparent model covering more than 98% of Ohio's population
- ☒ Verified results returned in one consolidated report
